The new branch is approximately 2,400 square feet and is the first to be designed with an environmentally friendly theme in mind. Items incorporated in the branch’s design include a customer lounge area, a self-service coffee bar, a coin counter, free Wi-Fi access, high

definition televisions and café seating for up to 20 people. The branch uses a passive solar design, solar panels on the roof, large, south facing windows, concrete flooring to absorb and radiate heat, high-efficiency LED lights and bike racks to encourage low impact travel. The exterior landscape design incorporates a mix of native plants and a retaining pond along with natural stonework.

The new Exit 11 Branch is managed by Ms. Sally Harrison, who has extensive banking experience. She is supported by two staff members. The bank's grand opening celebration concludes on March 2nd.
